Welcome to 634 MacEwan Drive â€” a spacious and functional 5-bedroom, 3-bathroom bi-level home with a smart layout, income potential, and a convenient location just steps from shopping, dining, parks, and schools.

Built in 1975 and offering over 1,080 sq ft above grade, this home blends original charm with some thoughtful modern updates. The main floor features three bedrooms, including a primary suite with ensuite, plus an additional 4-piece bathroom. The main living space is bright and open, with good flow into the kitchen and dining area.

The lower level has been finished into a 2-bedroom non permitted suite, offering opportunity for fantastic revenue potential. It features a separate walk-up and out access, its own laundry, a 4-piece bathroom, and two generously sized bedrooms with great closet space. A drywalled passage at the top of the stairs currently provides a temporary separation between the two levels â€” easily reversible if desired.

Outside, the home offers two separate fenced yard spaces â€” one for each level â€” ideal for privacy or shared use in a rental situation.
