Thickwood, Fort McMurray, Alberta

Welcome to 311 Cochrane Crescent: This charming bungalow is full of character, lovingly cared for by its owners of nearly four decades. With standout curb appeal, a unique layout, and undeniable pride of ownership, this is a home youâ€™ll feel proud to call your own the moment you step inside.

From the moment you arrive, the care and attention this home has received is clear. A wide interlocking brick driveway leads to a private courtyard tucked behind a brick archway, creating a warm and welcoming entrance with added privacy. The covered front step, freshly stained and perfect for your morning coffee, is matched by a large back deck overlooking the beautifully maintained yard. The fully fenced yard features a wide gate with secure space for trailer or camper storage, and a large shed with an overhead door and heater offers year-round functionality. Whether you use it as a workshop, man cave, or hobby space, it's a rare and valuable bonus.

Inside, the home welcomes you with a bright and inviting front living room, featuring new carpet and large vinyl windows that fill the space with natural light. A two-way wood-burning fireplace connects the living and dining rooms, adding cozy character and warmth on colder days.

The eat-in kitchen, updated in 2012, has been beautifully preserved with rich wood cabinetry that extends to the ceiling, well-maintained white appliances, and an upgraded sliding

patio door that leads directly to the back deck. Itâ€™s a space that feels both nostalgic and functional â€“ the kind of kitchen that makes everyone feel at home.

The main level offers three bedrooms, including a primary with its own four-piece ensuite. A second full bathroom is conveniently located off the hallway for guests or family use.

Downstairs, the basement is a perfect mix of fun and functionality. A spacious rec area includes a bar with a mini fridge and enough room for a pool table or games space. Wood ceilings and another wood-burning fireplace in the family room make the entire level feel cozy and inviting. A two-piece bathroom, laundry room, and a massive amount of dedicated storage space finish off the lower level â€“ ideal for seasonal items, hobbies, or anything else you need tucked away.

Additional features include central A/C, an updated electrical panel, and a newer hot water tank (2019). Move-in ready and filled with warmth, this is a home thatâ€™s been truly loved â€“ and now ready for its next chapter.
